Rev. Sir

Doubtless you recollect the interview I had with you at Hartford some time since with regard to an obligation which Mrs. Ingon gave me some years since for my services and otherwise as Guardian to you as a minor which note as I understood Mrs. Ingon had a lien upon, & was predicated upon by a Deed of Real estate which she, some years since conveyed to you

From the conversation I had with you in the premises at Hartford I concluded that you see word note paid when you again came to Connecticut However whether I understood you correctly or not I will now say to you that necessity obliges me to call for the money due on said note and shall consider it a particular favour if you will have the goodness to forward the money to me as soon as convenient

Respectfully yours &c Calvin Barber

N.B. Please drop a line to me per return Mail

A. M. P. C. B.

My best respects to Mrs. Ingon inform her that my Daughter Mrs. Spencer is in a low state of health also C. N. B. and wife are confined to their Room in consequence of ill health

Rev. A. A. Phelps –

Will please call on J. P. Blanchard Treasurer of the American Peace Society – and obtain the Rent due from me to P. Society some years since when the Treasurers books were kept at Hartford I subscribed to pay one dollar a year for the Advocate of peace I have recently learned that provided said dollar is not paid annually – the price of the advocate would be increased –

You will be so good as to inform the Treasurer aforesaid – That I have called on their Agent at Hartford several times within the last three years for the purpose of making the annual payment – He informed me that he had nothing to do with the concern – last year I sent to their Agent at Farmington (Edward Hooker Esq) who sent me word that he did not wish to do any thing respecting the business Under those circumstances I should not be willing to pay over one dolla pr year – I send under the impression that I should have no further trouble than to call at the Treasurers office in Hartford and pay the annual Instalment – for the first year I payed one dollar while the Books were in Hartford

I should esteem it a great favor if you will attend to this Business – also – I feel willing to remunerate you for your services –
